

NTSS-1HM EMULSION

# TRACKLESS TACK

Tack Today, Pave Today, Tomorrow or Next Month

• BETTER DENSITY WITH LESS COMPACTIVE EFFORT •

• BONDING & SHEAR STRENGTH ARE FAR SUPERIOR TO OTHER TACK PRODUCTS •

• IMPROVED DENSITY WITH LESS COMPACTIVE EFFORT •

• DRIES QUICKLY TO A NON-TRACKING HARD SURFACE •

• PUMP & STORE EMULSION AT AMBIENT TEMPERATURE •

• TACK TODAY, PAVE TODAY, TOMORROW OR NEXT MONTH •

• LESS TRAFFIC CONTROL •

• NO MORE CLEANING TACK OFF VEHICLES & ROADWAYS •

• CAN ALSO BE USED AS A PRIME OR CURING SEAL •

• THE SURFACE TREATMENT WINDSHIELD SAVER •

# LD-7®

• LOCKS DOWN LOOSE ROCK •

• POLYMER MODIFIED & STILL ECONOMICAL •

• NONTRACKING & QUICK DRYING •

• BLACK APPEARANCE MAKES STRIPING MORE VISIBLE  
CREATING A SAFER ROAD •

• HELPS STOP CRACKING •

• CAN ALSO BE USED AS A TACK, PRIME, OR CURING SEAL •

Dear Pavement Partner;

As of July 1, Trackless Tack and Lockdown Emulsion will be available from us through PS Construction Fabrics in Wadsworth, OH (330) 335-3635.

PS Construction has a new large scale emulsion storage system and can either supply the material directly to contractors and municipalities or apply the material as a sub-contractor on paving and chip seal projects.

**MEREDITH BROTHERS, INC.**

3025 SWITZER AVENUE  
COLUMBUS, OH 43219-2369  
(614) 258-4991

Please contact us for complete information on this dynamic new emulsion technology for pavement preservation.
